Face to face with Executives from Science & Industry

Career Opportunities at KOB Braun GmbH & Co. KG

The International School for Graduate Studies (ISGS) once more invites executives from internationally renowned companies to present stepping stones of business careers to PhD candidates and Master students. These networking dialogs highlight the professional and personal competencies required on the leadership level, and give hints for assistance within decision-making processes. In the course of this informal meeting the young researchers will have the opportunity to present their own career plans and receive honest feedback.

About the company:
In 1903 – during a time of great changes, novel ideas and new ways – Karl Otto Braun founded his company in Wolfstein and soon made it successful as a manufacturer of “Elastic Bandages”. These days, KOB is global market leader in the field of elastic bandages and is responsible, within the group, for the production of medical textiles on three sites in Coimbatore/India, Qingdao/China and Wolfstein.
