In 2016, the Department of International Affairs: ISGS once more invites high flying executives from internationally renowned companies to present step stones of global careers to PhD candidates. These networking dialogs highlight the professional and personal competencies required in the industry, and give hints for assistance within decision-making processes. In the course of this informal meeting the young researchers will have the opportunity to present their own career plans and receive honest feedback.

Networking Dialog with the Head of Dept. Embedded Systems Quality Assurance at Fraunhofer IESE

Dr. Daniel Schneider

About Dr. Daniel Schneider:

- Mr. Schneider studied computer science at the University of Kaiserslautern & obtained his PhD in Computer Science (2014)
- In 2004, he joined the Fraunhofer IESE, where he assumed different roles ranging from scientist via project manager to program manager
- Since 2014, he is head of the department “Quality Assurance of Embedded Systems”
- During his time at IESE, Mr. Schneider was the author of over 30 conference, journal, and magazine publications, most of them focusing on the engineering of safety-critical open adaptive systems
