In 2018, the Department of International Affairs: ISGS once more invites high flying executives from internationally renowned companies to present step stones of global careers to PhD candidates. These networking dialogs highlight the professional and personal competencies required in the industry, and give hints for assistance within decision-making processes. In the course of this informal meeting the young researchers will have the opportunity to present their own career plans and receive honest feedback.

Networking Dialog with the Scientific Director of the German Research Center for Artificial Intelligence (DFKI)

Date: Tuesday, November 06, 2018, 5:00 - 7:00 pm
Place: Building 39 (ISGS Center/Meeting Place)
Language: English & German
Participants: Postdocs, PhD candidates, research associates & Master students
Target Faculties: Computer Sc., Electrical & Computer Engineering, etc.
Registration: Registration only via email (until Nov. 04) to: doktoranden@isgs.uni-kl.de > Subject: “DFKI”

About Prof. Dr. Stricker:

- Prof. Dr. Stricker studied in France (INPG, Grenoble) & Germany (Technical University Karlsruhe)
- In 1997 he joined the Fraunhofer Institute for Computer Graphics (Fraunhofer IGD), where he started first works in Augmented Reality & co-initiated the project ARVIKA (1999-2002) and the visionary project ARCHEOGUIDE (1999-2002).
- After earning his PhD from the University Darmstadt in 2002, Mr. Stricker led the department “Virtual & Augmented Reality” at the Fraunhofer Institute for Computer Graphics (Fraunhofer IGD) in Darmstadt, Germany.
- After being appointed full professor at TUK in 2008, he founded the department “Augmented Vision” at TUK and DFKI, where he now serves as Scientific Director
- Prof. Stricker received the Innovation Prize of the German Society of Computer Science in 2006, he got several best paper awards and registered several patents on tracking and augmented reality.
