The Information Session will give an overview of the existing coaching offers with a focus on student life at TUK:

- By presenting & discussing the following coaching aspects:
  - individual objectives of coaching session
  - tools within a coaching session
  - typical duration & intervals of a coaching process
  - process of self-reflection & development of goals
  - possible coaching topics (learning techniques, time management, decision making etc.)
  - contact to qualified coaches at TUK

**Your Coach: Dr. Dorit Günther**

- Qualified coach & academic staff at the Center for self-directed learning at TUK
- After earning her PhD in 2006 she joined TUK in the field of E-Learning
- Since 2013 she is part of the "Selbstlernzentrum" where she does research on learning architectures & coaching
- Since January 2015 she works as qualified coach and performs learning-orientated coachings with students on a regular basis
