The university has set up a cross-faculty structure to support internationalization and to coordinate activities and high-ranking (post)graduate programs.

The Department of International Affairs: ISGS

As a one-stop office for international graduate and doctoral students, the ISGS provides a broad range of highly professionalized services for incoming European and third-country postgraduates and young researchers:

- Effective pre-departure communication
- Arrangements for accommodation & arrival
- Support & guidance in administrative issues
- Language & orientation courses
- Social and family services
- Social events (excursions, hiking tours, festivities)
- Professional skills workshops
- Industrial visits
- Career services
- Networking events
- Graduation Ceremony

Services for International Early Career Researchers

Technische Universität Kaiserslautern and its partner research institutions offer highly professional services in the fields of technology transfer and patenting.

Department for Technology and Innovation (RTI)

RTI is a modern service center for business & science, offering:

- Technology consultancy
- Transfer of information
- Patenting services

RTI supports the dialog and the cooperation between TUK and industry. For companies it facilitates the access to TUK and its partner research institutes. Furthermore RTI provides information from the fields of technology, science & economy and helps to make patents and other industrial property rights accessible.

Start-Up Office (Gründungsbüro)

The Start-Up office gives information and advice for university community members, including alumni, who are interested in setting up a company. It also provides workshops & trainings aimed at acquiring skills needed for setting up a company.

TU Kaiserslautern is a research-oriented university focusing on high-quality graduate education and applied research. The University's field of research spans all the way from fundamental science to applied science, even including selected areas of R&D for industry. With its technological profile, the university has acquired an impressive international reputation. Hence, Kaiserslautern is recognized as one of the largest IT clusters in Europe. In addition to being the nucleus of the Science & Innovation Alliance Kaiserslautern, a local consortium of high-profile research institutions, the university has strong ties to national and international industries. The University of the Greater Region (UniGR) is one of our frameworks for international PhD study programs as well as for Cotutelle-PhDs.
